

## About Greenwood Village

Greenwood Village Condominium Assoc., 623 Greenwood Village Blvd., West Melbourne, FL 32901, USA Phone 321-726-8222 Fax 321-727-0435

Greenwood Village is located in the northwest quadrant of the City of West Melbourne, at the corner of John Rodes Blvd. and Sheridan Road.

It is a limited access gated community with 256 individual units in 33 separate buildings. Thirty one of the buildings house 8 units in a two-story configuration. Two buildings house 4 units in the same configuration. The buildings are judiciously placed on paved roads over the abundantly landscaped 25 acres. About 15% of the units are rentals.

Each unit, within a building, has different floor plans. All units are either two or three bedrooms with two baths.

Some units have a loft, which could be another bedroom or den.

Eight unit buildings have two entrances that serve four units each. All units have a garage, and a few garages are two cars.

The Village is a multiple-condominium association. There are twelve condominium associations under the umbrella of the Greenwood Village Association. Some associations are only one building. Others are two, three, or four buildings. Therefore, monthly assessments vary by association.
